Twitch Co-Founder Discusses Evolution Of Streaming Platform

These days, there's not much Twitch doesn't do. The gaming livestreaming service that was a spinoff of Justin.tv back in June 2011 now hosts its own annual TwitchCon event, allows partnered streamers to earn money by selling PC games and in-game content, and even helps parent company Amazon decide which Hollywood pilots will get the greenlight for Amazon Prime.

National Geographic Is Furthering Its Brand With Albert Einstein And 'Genius'
